2020 Challenge Grow

‘Grow from Garbage’

Propagate a plant from part of a fruit or vegetable that would be thrown out.

Some ideas:
• Carrot
• Potato
• Sweet potato
• Pineapple
• Onion
• Turnip
• Beets

Get an early start!

Submit a photo of your ‘Garbage Plant’ with the name of the plant (potato, celery, etc.) during the NLC 4-H Exhibition Week.
